### PROPOSED JUDICIAL CHANGE.

The proposed change, by the clever gerrymandering concern at Frankfort, in this judicial district, caused quite a consternation among Ohio county Democrats. The proposed change was to form a new district composed of the counties of Ohio, Muhlenberg and Butler, and the Democratic boys thought it an awful thing to do. Their eyes were opened; they could readily see the infamy of the gerrymandering without any powerful glass. It was perfectly ridiculous and would never do. So an exit from town was immediately ordered, to rendezvous at Frankfort. The fore-runner was sent out Saturday, who went straight to Louisville, called up a Courier-Journal reporter by "phone" and had himself interviewed on the proposed new judicial district, and Sunday's Courier came thundering down with a long tale of woe; and indeed, it was a reflection of the ludicrous in the mournful of the troubled soul of the aspirant.

There is nothing so desperately wrong with Muhlenberg—she's not a large county, and only gave 650 Republican majority in 1900, and there is Butler, a small, prosperous county, the home of Kentucky's outraged and exiled Governor, and she only gave about 1,200 for McKinley, whilst Ohio gave 362 for the martyred president. Gentlemen, what's the matter? These counties are contiguous and convenient, why not allow it to stand? "Oh, but you see, it puts us in a position to lose our Bennie for Commonwealth's Attorney, and we'd lose the Judge and the Master Commissioner, and then Gabe couldn't get to be Trustee of the Jury Fund, and then we couldn't get 21 jurors out of 24, as we do now, and then there are a thousand other things that we wouldn't get. Yes, there's the Master Commissioner's printing that would be taken from the Herald and you know it couldn't run without that and the county's claims printing."

Very true, indeed, gentlemen! But what about the other gerrymandering? Do you favor making the legislature Democratic by infamous dickering? And what about the Congressional infamy? There is the Eleventh District and it takes four men to equal one in the Fifth. Who has a right to feel outraged and indignant at the gerrymandering monsters, if not the Eleventh District? Oh, that isn't at home, you say.

### IT'S UP TO YOU.

From the deathly silence that reigned round about the Hartford Herald during the past year, one might well conclude that the editor was "out of town." He could not be heard from on any subject that was of interest to the people. THE REPUBLICAN challenged the Herald's editor—or any assistance he might procure—to discuss the county's misrepresented indebtedness; time and time again the challenge was laid at his door to defend the "over" on J. P. Miller's card, which was palpably false; time after time he was asked to explain why he wrote that infamous "A. G. Benton" letter in which he most cruelly assailed a young man's character; time after time did he challenge him to explain why he endorsed, approved and supported that set of election thieves that plundered the State offices in 1900—these questions were important, and an intelligent discussion of them would have been exceedingly interesting to the readers of both journals, but our esteemed contemporary knew that he could not answer these questions at all to the satisfaction of himself, nor the public.

Forgetting the past, he now comes for a public quarrel of things immaterial, of things that do not concern the public, in which the public has no concern. However, if he desires a scrap he can have it "any old time." First, he shall explain two things: Why he refused to discuss issues before the people during the past year, and why he wrote the "A. G. Benton" letter on the 12th of December, 1900? Now, may I please your honor, if you are burning for a public controversy, explain your conduct, and we'll promise to meet you on any point, and not embarrass you with your abominable "half-pint" record. It's up to you!

### HUNTING POLITICAL CAPITAL.

"According to the Globe-Democrat," says a Georgia Paper, "Jim Howard, of Kentucky is not guilty because the jury did not hang him. But does Missouri hang all its convicted murderers?" The trouble in Kentucky is that they do not want to find the murderer of Goebel. They have spent two years in dodging the trail of a murderer in order to enrich political enemies. If Howard had the shot he deserved hanging. The Goebels are still hunting for political capital and personal revenge under the pretense that they are looking for an assassin.

The Globe-Democrat is exactly correct. The prosecution has, at no time, sought the murderer of Mr. Goebel, but to "hang Taylor and damn the Republican party," as Jas. Andrew Scott expressed it.

ATTORNEYS M. L. Heavrin and E. Woodward have formed a law partnership, and the style of the firm will be Heavrin & Woodward. This will be the most popular firm at the Hartford bar. Mr. Heavrin already has a large clientele and the courtesy always shown his clients makes them fast friends. Mr. Woodward is a bright, energetic, studious young man, full of determination to gain for himself an enviable standing at the bar. Success is certain to crown the efforts of such amiable young men.

THE Board of Tax "Equalizers" of Ohio county, were given thirteen days to serve the people, according to law. They did this amount of sitting and when the Central Coal and Iron Co. showed three big, bright, brand new free-silver dollars in its face, it "set" another day, and reduced the company's taxable property over \$23,000. Had the Taylor Coal Co. been onto the racket, and held the board another day—"well there just aint no telling what would have happened."

THAT indignation mass meeting which the Herald talks so loud about was held in an 18x20 room. Wasn't it a grand meeting? Its object was to send a committee to Frankfort to protest against the re-districting of this Judicial District. A small fry politician wants to be elected Commonwealth's Attorney, and he sees land-slides and earthquakes for him in the proposed district—Ohio, Muhlenberg and Butler.

WM. H. HOLT, who once had charge of The Gleaner, at Beaver Dam, got married the other day, and his old friend and co-conspirator, in "A. G. Benton" letter scandals, the Herald scribe "extends congratulations." You say his name is Holt. Oh, yes, Sheriff Keown and we had some experience with him once upon a time.

A Detroit, Mich., bank vice-president, overdraw his account \$900,000 the other day and otherwise embarrassed the bank to the amount of \$800,000. The bank went temporarily into the hands of the receiver, but will soon be actively at work again. Its total deposits amounted to \$3,062,415.

KING Henry Wehmhoff, of the Louisville gamblers, has been tried and found not guilty, yet he conducts an open gambling den continuously. But then, it's under the forms of law, and "it do seem" that a man might gamble under the forms of law if the State offices can be stolen under the same forms.

Gov. TAFT received \$20,000 for his services in the Philippines last year, a palace to live in was furnished him, and most every thing else heart could wish, and only came home with \$1,500 in change. Evidently, the Governor's beer account was enormous.

PATTERSON, N. J., came near burning herself up last Sunday. It is reported that she threw ten millions in the fire, and thousands of her subject are "homeless." Miss Patterson ought to be a little more particular with her effects hereafter.

HEREAFTER when property owners want their property assessed, to stand as given to the Assessor, they should get together and agree to hold the Equalization Board over after the county's turn—one or two days.

LANT Tuesday the city of Lexington entertained the Solons of Kentucky, whom the tax-payers paid \$5 apiece to accept the hospitality of the Blue Grass Capital.

PRESIDENT Roosevelt's son, Theodore, Jr., is dangerously ill of pneumonia, at Groton, Mass.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

(Continued from first page.)

period the revenues were not all collected. It would therefore be just to allow one of these to offset the other which would leave the increase in the deficit for the last year at the figures first stated.

It is pertinent to inquire why the auditor failed to comply with the plain provisions of both the constitution and the statute which require that five cents on each hundred dollars of taxable property be "set apart and sacredly kept" in the sinking fund. This failure was from ignorance of duty, or design. The effect of the failure was to decrease the deficit in the general expenditure fund on the books and thereby make a better showing than the facts warranted. September 19, 1901, I published an article in the Commercial calling attention to this failure of the auditor to do his duty, and on the 30th of that month he transferred to the sinking fund a sum which he claimed was the proper amount for the previous fiscal year, but which was much less than his introduction to his report says was transferred "under the law." It is within the authority of the board of sinking fund commissioners to lend the money of that fund to the general fund for paying current expenses, but neither the sinking fund commissioners nor the auditor has authority to withhold the transfer of revenues belonging to that fund under the law.

Under Gov. Bradley's administration the board of sinking fund commissioners met and by resolution authorized the treasurer to use the money standing to the credit of that fund for the payment of current expenses, but neither the board nor the auditor attempted to set aside the constitution and the laws by neglecting, failing or refusing to transfer the money set apart by law to it.

Of course when enough money stands to the credit of the sinking fund to pay all the State debts the law has been satisfied and no transfers are necessary.

### THE DEFICIT EXPLAINED.

Let us notice a few of the things which have helped to increase the deficit. In making comparisons we should use the warrants issued by the auditor as a basis, and as the year 1900 was one of divided administration we shall compare the fiscal year ending June 30, 1899, under the Republicans, with 1901, under the Democrats.

One of the most striking increases is under the head of "attorney fees." This item cost in the Republican year \$1,600.00, but in 1901, \$24,945.74 was paid out—an increase of more than 1,500 per cent.—which was more than twice as much as was contracted during Gov. Bradley's administration. The first Democratic board of equalization cost the State \$7,261.13, while similar work was done by a Republican board in 1899 at a cost of \$4,742.38—an increase of over 53 per cent. Under the head of military fund, including appropriations, there was spent during the last year \$28,835.76, while the cost for the year 1899 was only \$4,788.11—an increase of more than 500 per cent. The increase for the same time in the cost of criminal prosecutions was over \$40,000, or 15 per cent; while the increased payments to paper printers were a little less than 7 per cent. The increase in the cost of record books to counties was \$2,896, or 45 per cent, while the increase in the cost of public printing and binding was nearly 50 per cent. The increase in payments on account of the State arsenal was more than 10 per cent. The increase in the salaries paid to the employees of the auditor's office was 37 per cent, and while the auditor says that the increase was necessary, he fails to point out any law for such payments. The increased cost for public offices is 40 per cent. With all these enormous increases, ranging from 15 to 500 per cent, the auditor devotes his time, talents and space to decrying against a paucity of 7 per cent. increase in the cost of pauper idlers.

That the system of maintaining these unfortunates is wrong I will readily concede. But who made the law? Not Republican, surely? That the system of paying the expenses of criminal prosecutions is vicious, is beyond question. But who made the law?

The worst feature about the report is its attempt to make the question a sectional one. The per cent of increase in the number of pauper idlers in the last four years has been nearly the same in Democratic districts. The increase in Democratic districts for this period averaged 27 per cent, while in Republican districts it was 32 per cent. The increase in the seventh judicial district for the above period was 63 per cent, while the largest increase in a Republican district was 60 per cent. In the twenty-seventh. The next largest increase in a Republican district was 42 per cent in the twenty-sixth, while this record was reached and exceeded in the following Democratic districts: The third increased 45 per cent, the fourth 45 per cent, the sixteenth 42 per cent, the nineteenth 46 per cent and the thirtieth 44 per cent. The next highest rate of increase by a Republican district is in the twenty-eighth, where an increase of 41 per cent is noted. But in addition to the Democratic districts already named the following show increases greater than in the twenty-eighth. The sixth increased 36 per cent, the seventh 38 per cent and the twenty-

third 32 per cent. The only other Republican district that made any increase at all, was the twenty-ninth, and its increase of 25 per cent, was equalled or exceeded by the following Democratic districts in addition to those already named. The first, 28 per cent; the second, 26 per cent; the fourth, 26 per cent; the fifth, 25 per cent and the eleventh, 25 per cent.

There are five Republican districts, and four of them show increases. There are twenty-five Democratic districts, and all of them, save one, show increases. One Republican district out of five shows no increase, while only one out of twenty-five Democratic districts fails to increase. The greatest increase was in a Democratic district; the second largest increase in a Republican district was exceeded by five Democratic districts; the third largest increase in a Republican district was exceeded by ten Democratic districts, and the fourth largest increase in a Republican district was exceeded by fourteen Democratic districts.

If Democrats can get any comfort out of these figures, they ought to be given the benefit of the pauper idler law.

I must defer my reply to your further questions, until the board of prison commissioners publish their report. Very respectfully,  
G. W. LONG.

### A Vivisectionist Going Mad.

Dr. James Edwin Russell, of Brooklyn, is a good example of the demoralizing effects of vivisection. He has reached a point where cutting dogs, cats, guinea pigs and other harmless and inoffensive creatures or even the scientific carving of human beings fails to satisfy his craving, and now, in the hope of enjoying the supreme intoxication of his desire to inflict pain "for the benefit of humanity," he offers his own body to his fellow carvers.

In religion, such an enthusiast is called a fanatic; in science he should be called a lunatic. He offers his body for a year, or until it has been carved and dissected that it is no longer of use to those medical scientists who can see fact only at the point of the scalpel. In this way he expects to silence the "rant of anti vivisectionists," as he calls the protest of refinement and humanity, and to show that "vivisection is not needless or cruel." Though how he will prove this by his own suffering it is difficult to see.

This man poses as a martyr to the welfare of the world. He claims to be willing to make a sacrifice of himself because he loves his fellows. Yet he turns a deaf ear to the pleading of his wife and two children. He overlooks the fact that his supreme duty lies in his home, that he has undertaken by solemn vows to protect and cherish his wife and to make of his children good citizens. He would lessen the suffering of the world at large but cares not how much mental and physical anguish and pain he may cause those held to be nearest and dearest to him.

Dr. Russell says he will be surprised if others do not follow his example and he calls for volunteers to join him in his noble efforts to commit suicide in a thoroughly scientific manner. It was reckless to say that others will not follow this pioneer in voluntary human vivisection, for it may not be assumed that Dr. Russell is the only person whose mental balance has been upset by contact with the brutalizing practice of vivisection. But it is safe to predict that no real physician, not one who is an honor to his profession, will accommodate Dr. Russell by carving him.—Chicago Post.

## That Cough Hangs On

You have used all sorts of cough remedies but it does not yield; it is too deep seated. It may wear itself out in time, but it is more liable to produce la grippe, pneumonia or a serious throat affection. You need something that will give you strength and build up the body.

## SCOTT'S EMULSION

will do this when everything else fails. There is no doubt about it. It nourishes, strengthens, builds up and makes the body strong and healthy, not only to throw off this hard cough, but to fortify the system against further attacks. If you are run down or emaciated you should certainly take this nourishing food medicine.

## ENGLAND AND JAPAN

### Form an Alliance for Mutual Interests in the East.

London, Feb. 14.—The text of an agreement of alliance between Great Britain and Japan, relating to China and Corea, which was signed in London January 30, has been made public. The agreement is as follows:

The Governments of Great Britain and Japan, actuated solely by a desire to maintain the status quo and general policy in the extreme East, and being, moreover, especially interested in maintaining the independence and territorial integrity of China and Corea and in securing equal opportunities in those countries for the commerce and industry of all nations, hereby agree as follows:

Article 1. The high contracting powers, having mutually recognized the independence of China and Corea, declare themselves to be entirely unflinched by any aggressive tendencies in either country. Having in view, however, their special interests of which those of Great Britain relate principally to China, while Japan, in addition to the interests she possesses in China, is interested in a peculiar degree, politically, as well as commercially, in Corea, the signatories recognize that it will be advisable for either of them to take such measures as may be indispensable in order to safeguard those interests if those be threatened either by the aggressive action of any other Power or by disturbances arising in China or Corea, necessitating the intervention of either of the contracting parties for the protection of the lives and property of its subjects.

Article 2. If either Great Britain or Japan, in defense of their respective interests as above described, should become involved in a war with another Power, the other contracting Power will maintain a strict neutrality and use its efforts to prevent other Powers from joining in the hostilities against its ally.

Article 3. If, in the above event, any other Power or Powers should join in hostilities against that ally, the other contracting party will come to its assistance and will conduct war in common and make peace in mutual agreement with it.

Article 4. The contracting parties agree that neither of them will, without consulting the other, enter into separate arrangements with another Power to the prejudice of the interests above described.

Article 6. Whenever in the opinion of either Great Britain or Japan, the above mentioned interests are jeopardized, the two Governments will communicate with one another fully and frankly.

Article 6 provides that the agreement come into effect immediately, remain in force for five years, and be binding for a year after either party renounces it. But, when the date fixed for the expiration of the agreement arrives, either party thereto is actually engaged in war, the alliance shall ipso facto continue until peace is concluded.

The agreement is signed by Lord Lansdowne and Baron Hayashi, the Japanese Minister to Great Britain.

### Prevalency of Kidney Trouble.

So prevalent and deceptive is kidney trouble that it very often becomes well advanced before it is even suspected, therefore, it behooves all to be on the lookout. Should you be ill, or not feeling well, it would be wise to first pay attention to the kidneys and as certain if they are the cause of your trouble.

A simple method of finding out if your kidneys are at fault has often been called to the attention of our readers through Dr. Kilmer's Swamp-Root advertising in the columns of this paper, and it is now repeated for the benefit of those who may be interested. VIZ: "Fill a bottle with urine and set aside for twenty-four hours or so, and it will show a brick-dust sediment or cloudy appearance, or if it is found necessary to go often through the night, you may be sure your kidneys need attention."

After careful inquiry we find Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, is remarkable success in the quick relief and cure of the diseases for which it is recommended. There is hardly a drug store in the land that does not keep, and highly recommend this celebrated preparation for kidney, liver and bladder troubles.

By special arrangement every reader of this paper may have a sample bottle of Dr. Kilmer's Swamp-Root by mail, free, (if they have not already had one) by sending their address to Dr. Kilmer & Co., Binghamton, N. Y.

When you lack energy, do not rely upon your food, feel dull and stupid, after eating, all you need is a dose of Chamberlain's Stomach & Liver Tablets. They will make you feel like a new man and give you an appetite like a bear. For sale by all druggists.

## Contagious Blood Poison

There is no poison so highly contagious, so deceptive and so destructive. Don't be too sure you are cured because all external signs of the disease have disappeared, and the doctor says you are well. Many persons have been cured with Mercury and Potash for months or years, and pronounced cured—to realize when too late that the disease was only covered up—like Boggs like, driven from the surface to break out again, and to their sorrow and mortification find those nearest and dearest to them have been infected by this loathsome disease, for no other poison is so surely transmitted from parent to child as this. Often a bad case of Rheumatism, Catarrh, Scrofula or severe skin disease, an old sore or ulcer developing in middle life, can be traced to blood poison contracted in early youth.

**The Sin of the Parent.**—It remains smoldering in the system, and unless properly treated and driven out in the beginning, S. S. S. is the only antidote for this peculiar virus, the only remedy known that can overcome it and drive it out of the blood, and it does this so thoroughly and effectually that there is never a return of the disease, no embarras or humiliation afterwards, cures Contagious Blood Poison in any and all stages; contains no mineral to break down your constitution; it is purely vegetable and the only blood purifier known that cleanses the blood and at the same time builds up the general health.

Our little book on contagious blood poison is the most complete and instructive ever issued; it not only tells all about this disease, but also how to cure yourself at home. It is free and should be in the hands of everyone seeking a cure. Send for it.

### LIST OF DISASTERS.

Disastrous fires, explosions, horrors and fatal railroad wrecks have piled up an alarming list of casualties during the weeks that have followed January 1.

The calamities begun with the sinking of the Walla Walla off Cape Mendocino by an unknown ship on the night of January 3; when 47 lives were lost. This was followed on January 7 by a cave-in in the Negamnee coal mines in Michigan, when over a dozen lives were lost.

The Park avenue tunnel horror, in New York City, where 15 were killed and 50 injured, occurring January 8. Then came the New York subway collision, killing 8 and injuring 250.

Nine days later an earthquake was reported to have killed 30 persons in and around the city of Chilpancingo, in Mexico.

On January 24 a deaf explosion in the Lost Creek Coal Mines, near Okaloosa, Fla., killed 21 persons and injured 8 more.

January 27 a Chicago, Milwaukee & St. Paul train crashed into a Kedzie avenue electric car, injuring 12 people and on the following day the Lindell Hotel, in St. Louis, burned, causing a property loss of \$1,000,000 and many narrow escapes of people, who got out of the blazing building in only their night clothes.

Another horror in Mexico marked the advent of February 1, when 82 lives were lost in a dust explosion in the mines near Honda. The next day a large portion of the business section of Waterbury, Conn., was burned, causing a property loss of \$2,000,000. Ten firemen were killed in St. Louis February 4, by the collapse of the walls of the American Tent and Awning Company's building, in which they were fighting a fierce fire.

At midnight Saturday, February 9, a disastrous fire broke out in Patterson, N. J. The flames raged for fifteen hours. The entire business portion of the city was destroyed. Total loss estimated to be \$10,000,000.

On the 5th instant, a gas explosion in Archer Avenue, Chicago, eleven persons were killed. One entire family was destroyed.

St. Louis met with another disastrous fire February 9. The Empire Hotel was destroyed, eleven persons were killed outright, eight seriously hurt and four others missing.

## WORTH \$300,000,000.

The President of a certain Big Oil Company is said to be worth \$300,000,000. A tidy bit of money and no mistake. And yet he isn't happy. In an address to a Bible class he spoke of trials and troubles of the rich and the loads they have to carry. A young lady whispered to a friend that she might wear a Benson's Borax Flaster on his back or, better still, divide the money among the members of the class. I don't know why her idea about the plaster makes me think of Benson's. It is a relief of one and cures quickly. It stops the pain and makes you laugh for the very same old good feeling of it. But watch out against imitations and substitutes. All druggists, or we will prepay postage on any number ordered in the United States on receipt of 25c. each.

Benson & Johnson, Mfg. Company, N.Y.

## All Stuffed Up

That's the condition of many sufferers from catarrh, especially in the morning. Great difficulty is experienced in clearing the head and throat.

No wonder catarrh causes headache, impairs the taste, smell and hearing, pollutes the breath, deranges the stomach and affects the appetite.

To cure catarrh, treatment must be constitutional—alterative and tonic.

I was afflicted with catarrh. I took medicines of different kinds, giving each a fair trial; but gradually grew worse until I could hardly hear, taste or smell. I then concluded to try Hood's Sarsaparilla, and after taking five bottles I was cured and have not had any return of the disease since. EUGENE FORBES, Lebanon, Kan.

## Hood's Sarsaparilla

Cures catarrh, it soothes and strengthens the mucous membrane and builds up the whole system.

Mr. E. B. Hart sustained a painful accident recently, while working about the planer in Taylor & Co's. establishment at Beaver Dam. In some way his hand came in contact with the planer and a painful cut resulted.

Misses Fannie Barnes, Viola Pirtle, Virgiline Hocker, Beaver Dam, and Mattie Pirtle, Hartford, are in attendance at Mardi Gras, New Orleans, this week. Mr. D. G. Young, of the New Wrinkle, Beaver Dam, is also in New Orleans.

Mr. Melvin Shoulders was very painfully crushed by falling slate while working in the Miller coal bank, southwest of town, Wednesday. It could not be ascertained whether his bruises were of a serious nature, but he is in a very painful condition.

Master Roy Heavrin is in Louisville being treated by an eye specialist. Mr. M. L. Heavrin had a message Tuesday stating that the specialist's examination was very discouraging. Master Roy's sight is severely impaired and the doctor fears the trouble will not yield to treatment. A natural defect aggravated by close application in school brought about his trouble.

Mr. Wm. Broughton, a laborer at Taylor Mines, was climbing over empty cars at the mines last Saturday when an engine suddenly shoved down on the cars, knocking him from the cars, he fell between them and his leg was broken in two places. He was taken to Louisville to the hospital, where his wounds are being treated. A suit for damages has been filed against the I. C. R. R. for \$1,999.99. Heavrin & Woodward are his attorneys.

T. J. Turley & Co., of Owensboro, have contracted with Dr. L. B. Bean to build them a warehouse on the vacant lot opposite the First National Bank, 30x80 feet. They will handle a full line of farming implements, repairs, seeds, buggies, wagons and all kinds of farming machinery. The house will be put up as soon as possible. They will occupy J. E. Fogie's vacant store house until their new house is completed. We welcome all such people, feeling assured in advance that such a business will be remunerative to them and a great convenience to the people.

Mr. J. T. Phelps, an employee in the service of the Williams Coal Co., was seriously hurt Tuesday by falling slate, while at work in his room. He was crushed internally in the side and back, and is thought to be in a critical condition. He has a wife and five children and earns his living by daily labor. His circumstances are rather embarrassing. When calamity overtook him, it is said, he had not a 24-hour provision in his house. While he is poor, he is a very honorable gentleman. He formerly lived in Butler county and was a teacher in the public schools of that county.

Last Sunday afternoon at the home of Mr. R. A. Anderson, his daughter, Miss Ruytine, became the happy bride and companion of Mr. B. Howard Ellis. The wedding was a quiet home affair, tho' quite a number of admiring friends and associates gathered to witness the solemn tho' happy event. Both the contracting parties are teachers in the public schools and have many friends throughout the county who join in wishing them a happy future. Mr. Ellis is attending the Southern Normal Business College at Bowling Green and will graduate from that institution in the spring. He will leave Monday to resume his school work, whilst his bride will remain with her parents until his work in school is completed. THE REPUBLICAN congratulates this young couple on their happy marriage and wishes for them a future of unbounded happiness.

Rev. J. T. Rushing was at his post at Quarterly meeting Saturday and Sunday. His sermons were excellent, Hartford's people are seldom treated to such as he gave.

Mr. K. V. Williams, of Beaver Dam, fell while walking on the sidewalk in Louisville last Thursday and fractured his knee-cap. He is able to be out now.

Messrs. Rowan Holbrook, R. E. L. Simmerman, J. P. Miller, W. H. Barnes and F. L. Fell went to Frankfort Monday to meet the Legislative Gerrymandering Committee.

Mr. Robt. Wedding, who has been engaged with Uncle Sam in entertaining Philippines in the Orient, but who is now stationed at Jefferson Barracks, Mo., is at home on a thirty-day furlough.

The Economy Dry Goods Store will sell you more goods—better goods—for less money than other store, and we will not open your bundles from other stores to get the prices, either. Try us.

Mr. Jno. Davis, of Tally, left Tuesday for Knoxville, Tenn., to visit relatives and former acquaintances. Mr. Davis moved from that section to Kentucky several years ago. He will be out several days.

The Economy Store will sell you Overcoats, Suits, Blankets, Comforts, and all kinds of winter goods at your own prices, and will not try to dissuade you with your purchases from other stores. Come and see if we do.

increase our capacity to 250 drops. We will then be able to accommodate all who may want our service. The stockholders complimented the old board of directors by re-electing them.

J. M. MATTINGLY, Pres.  
D. M. HOCKER, Sec'y.

## A Queer People.

There is in the Equality neighborhood, in the Western part of this county, a religious sect or denomination who call themselves Northern Methodist, but are unlike any other people that belong to that church, and in fact their mode of worship and general demeanor are different from any other people, to whom our notice has ever been called. It developed on the trial of a Common wealth case in the Centertown Justice Court last Monday, wherein a young man was charged with disturbing these people in their public worship; that they would sometimes, in the midst of their services, invoke the Deity to send upon them a massive snow cloud, that it might burst in their midst, and one good lady said she knew it would come for one had visited her on the preceding morning.

It also developed that on one occasion, at least, a member of these good people while assembled, as they said, to worship according to the dictates of their own conscience, mounted the seats and crowed like the chanticleer (rooster).

If per chance a young man should attend their meeting, wearing a collar of the latest style, (high as you know) a good sister, while shouting and praising him on high, will, perhaps, stop long enough to ask him if his collar does not hurt his neck and if same is comfortable. Truly, it can be said, that these are queer people.

## Marriages.

## Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden (S. C.) Messenger. For sale by all druggists.

## Twenty-five Mules Burned.

Nashville, Tenn., Feb. 11.—The feed stable of Shryer & McConnell, of this city, burned this morning, together with about twenty-five mules. The loss is about \$20,000, partly covered by insurance.

## For Stomach Troubles.

"I have taken a great many different medicines for stomach trouble and constipation," says Mrs. S. Geiger, of Dunkerton, Iowa, "but never had as good results from any as from Chamberlain's Stomach & Liver Tablets." For sale by all druggists.

## Badly Mixed.

A tall western girl named Short long loved a certain big Little while Little, little thinking of Short, loved a little lass named Long. To make a long story short, Little proposed to Long, and Short longing to see even with Little's shortcomings, and meeting Long, threatened to marry Little before long which caused Little in a short time to marry Long. Did tall Short love big Little less because big Little loved little Long?

Thank God every morning when you get up that you have something to do that day which must be done, whether you like it or not. Being forced to work, and forced to do your best, will help in your temperance and self-control, diligence and strength of will, cheerfulness and content, and a hundred virtues which the idle never know.—Charles Kingsley.

Mrs. L. Clay Brock, of Flemingsburg, Ky., has issued an appeal to the people for aid to the wife of James L. Howard, who is left homeless and destitute, with three children to rear, the oldest which is only eight years. Mrs. Brock guarantees a subscription of \$25 from Flemingsburg county. The fund is to be appropriated in building her a home and assist in rearing her children. The appeal is a worthy one and should be heartily responded to.

The Memphis Commercial Appeal has a reporter who says: "A net has been woven about their feet, and they are staggering in its meshes. And those who doubt the strength of the texture can not stand either, or they

are blind to reason. When the wool and warp of the net are known and fully explained, and the process of weaving the chain link by link with almost mathematical precision and nicety is fully realized then the doubt that lingers about any assertion, whether abstract or concrete in its form and fades like a fog before the sun." He simply means that the evidence against two suspects is strong.

## NOTICE.

Ohio Circuit Court,  
M. B. Crowder, &c.

Petition in Equity:  
Notice is hereby given that M. B. Crowder and thirty (30) other legal and qualified voters at Horse Branch, Ohio county, being more than two-thirds of the persons entitled to vote and living within the boundary of the town proposed to be established have this day filed a petition in equity in the Ohio Circuit Court asking that a town of the sixth-class be established at Horse Branch, Ohio county, Kentucky, and that the proposed boundary of said town be set out by metes and bounds as follows:

Beginning at a stone on the S. W. corner of said town 42 poles N. of Illinois Central railroad, near Miller's corner; thence S. 83 1/2 E. 83 poles to a stone near the creek; thence N. 2, W. 80 poles extending 33 poles beyond the railroad to a stone; thence S. 2 E. 80 poles to a stone; thence S. 2 E. 80 poles to a stone to the beginning, including a boundary which does not exceed one-fourth (1/4) of a mile in each direction necessary to form a square, and that said petitioners will on the 2nd day of the next March term, 1902, of the Ohio Circuit Court, ask the Judge to establish a town of the sixth-class in the above described boundary, which town shall be named Horse Branch, and will also at the same time ask the Judge of said Court to appoint not less than five trustees, a police judge, marshal and assessor of said town as required by Section 3715, Kentucky Statutes. This, February 11, 1902.  
M. B. CROWDER, &c.

## Wanted—Telephone Poles.

The Rough River Telephone Co. wants a lot of chestnut telephone poles, from 45 to 50 feet long, 8 inches at top. Apply to D. M. Hocker, manager, office over W. D. Moore's grocery, Hartford.

## Fire at Springfield.

Springfield, O., Feb. 11.—The great East street shops built by Wm. N. Whiteley, the reaper king, at a cost of \$2,000,000, were destroyed by fire to day.

The insurance is \$1,300,000 on the contents and for Senator Fairbanks on the building, \$110,000, a total of \$240,000.

The shops at the time of their completion were the second largest in the world, being rivaled only by the great Krupp Gun Works at Essen, Germany. The shops at one time had 2,500 men on the payroll.

## F. E. B.

We heard a man say the other morning that the abbreviation for February—Feb.—means freeze everybody, and that man looked frozen in his ulcer. It was apparent that he needed the kind of warmth that stays, the warmth that reaches from head to foot, all over the body. We could have told him from personal knowledge that Hood's Sarsaparilla gives permanent warmth, it invigorates the blood and speeds it along through artery and vein, and really fits men and women, boys and girls, to enjoy cold weather and resist the attacks of disease. It gives the right kind of warmth, stimulates and strengthens at the same, and all its benefits are lasting. There may be a suggestion in this for you.

## Freedom for Two Hundred.

St. Louis, Feb. 10.—Established precedents of the United States army were overthrown and the freedom of nearly 200 men now confined in Federal penitentiaries were assured by a decision rendered by the United States Circuit Court of Appeals to day in the case of Peter C. Deming, a former captain of United States volunteers, against Robt. W. McLaughey, warden of the Federal penitentiary at Fort Leavenworth.

Deming was imprisoned on the sentence of a court-martial composed of nine regular army officers, convened by Gen. W. R. Shafter, on March 29, 1900. The opinion of the Circuit Court written by Judge Walter S. Striborn is that the court-martial which sentenced Deming acted in violation of Article 77 of the articles of war, which provides that officers of the regular army shall not be competent to sit in court-martial for the trial of officers and soldiers of other forces.

The essential question as stated in Judge Sanborn's opinion is whether the volunteer army is the same as the regular army, or whether it is one of the "other forces" mentioned in Article 77. The opinion establishes the fact that the volunteer army is at all times distinct from the regular army. Deming will be released from the Fort Leavenworth penitentiary within sixty days, and all other former members of the volunteer army confined in Federal prisons on sentences inflicted by court-martial of regular officers will also be liberated as the result of to-day's decision, it is stated. E. A. Roiser, United States District Attorney, estimates the number of such cases at 200.

Deming was a captain in the subsistence department of the volunteer army. He was commissioned under the act of 1899, providing for the en-

## Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."  
L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

listment of soldiers for the Philippine war. The charge against him related to his accounts. The court-martial, composed of nine officers of the regular army, dismissed Deming from the service and sentenced him to three years in the penitentiary. This sentence was affirmed by the secretary of war and approved by the President. The case was first brought in the United States Circuit Court for the District of Kansas, and was decided against Deming, who then appealed to the Circuit of Appeals in St. Louis.

## INCIDENTS OF INTEREST.

At Beaver Creek, Ky., an aged man, Andy Huff, by name, 78 years of age, a pioneer and wealthy, was attacked by James Eastep and George Moore and beaten almost to unconsciousness, when his 21-year-old son, Wm. Huff, rushed to his aid from an adjacent room and shot Moore dead and mortally wounded Eastep. The aged man may not recover.

An 18-year-old of Wooster, Ohio, while sleighing last Sunday, was kicked on the head by the motor power, a runaway mule, and painfully hurt. Previously her eyes had been affected and she was compelled to use glasses. When the pain and swelling subsided her eyesight was restored. She does not use glasses any more.

A defective boiler exploded at St. Mary's, on the Lake Erie and Western railroad, while standing on the siding. The engineer and fireman were killed.

Hindu twins, who were united together in a manner like the Siamese twins, were separated at Paris, France, the 8th inst., by surgical operation, which was entirely successful. The patients were weak on the account of one having the thush and the result is yet in doubt.

Safe blowers cracked the safe of the Lunon Banking Company at Acworth, Ga., last Sunday morning and secured \$5,000 in money and \$6,000 in State Bonds and a large amount of State certificates.

R. C. Davis, who looted \$75,000 while cashier of a Washington, Ind., National Bank, is on trial in the Federal Court at Indianapolis, on charge of embezzlement. Davis turned over to the bank enough real estate to cover loss.

Louisville has invited the Legislature to visit the city about February 21.

There is nothing like Asthmalene. It brings instant relief, even in the most cases. It cures when all else fails. The Rev. C. F. Wells, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sore throat and asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Dr. Taft Bros. Medicine Co.  
Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of Asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her Asthma had disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease.

Yours respectfully,

FRIDAY, FEBRUARY 14.  
"Something New Under The Sun."

All Doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments only relieve at once, but do not permanently cure. Catarrh, however, is cured by the use of Catarrh, the only remedy known to science that actually reaches the affected part. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure" and is sold at the extremely low price of One Dollar each package containing internal and external medicine sufficient for a full months treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve Hay Fever or Cold in the Head.

Catarrh when neglected often leads to Consumption—a "Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

caused them to act as they did. "Yes, that is certainly a cute child," resumed the burglar who stood near Mrs. Wright. "Boy or girl, did you say?"

"Boy," faintly responded Mrs. Wright, who had been too frightened to answer the crackman's polite queries. "I trust he will grow up to be a credit to you and that he won't turn out as bad as I have," said the burglar.

"But to get back to the point again. Where do you keep your money? We must be going and you must speak up, quick."

"We haven't any money in the house," said Mrs. Wright, and her husband corroborated her. Then, while two of the men kept their revolvers leveled at the two women and woman the third searched the closets and bureau. They found a purse containing \$2, but overlooked Mr. Wright's gold watch and \$50, which were in clothing hanging far back in a closet, and missed also a jewel case containing several hundred dollars' worth of jewelry.

"Aren't you the same men who robbed Julius C. Hock's house last night in Bayonne?" asked Mr. Wright. "It isn't polite to ask questions," responded the burglar. "We're going now, and if any of you give an alarm we'll come back and shoot you all."

Then the burglar in the raglan said to Mrs. Wright, "We're really very sorry to have intruded in this way. We had to do it to raise money to get out of town. And as soon as I find a job I'll return this \$2. Now, if you don't scream or raise any outcry you have nothing to fear."

Then he insisted on shaking hands with Mrs. Wright, and the three intruders backed to the door and with a final caution against any alarm they disappeared.

"During the winter of 1898 I was so lame in my joints, in fact all over my body, that I could hardly hobble around, when I bought a bottle of Chamberlain's Pain Balm. From the first application I began to get well, and was cured and have worked steadily the year—R. Wheeler, Northwood, N. Y. For sale by all druggists."

## THE NEW WAY.

Common Sense for Women.  
Ladies should read of the Latest and Most Successful Importation from France.

All Womenkind may possess Bright Eyes, Fair Skin, Strength and Good Health.

So says Dr. LaBorde, the famous French practitioner, who has devoted his whole life to the study of women and has won the highest distinction through his wonderfully successful practice among the first families of Paris.

**WOMAN A HEROINE.**  
Woman, the heroine, needs a remedy to her weakness and ability to withstand the most trying ordeal compels admiration. She is a slave to the Natural Modesty of her sex, which so often causes her to realize the greatest trials, and suffer in silence, rather than consult even her Family Physician, fearing to expose herself to necessary questioning and probable examination.

**A LIFE-REDEEMER.**  
Recognizing this fact early in his practice, Dr. LaBorde, has, by years of study and close application, evolved an entirely new method of treatment for all ailments peculiar to woman, which has met with unparalleled success, and his French office, managed by a skilled physician under his personal supervision, are now located in every large city of Europe.

By his specific methods each patient receives, absolutely free of charge, full and detailed advice especially adapted to her case, and avoiding all embarrassment or inconvenience, and as Dr. LaBorde's remedies are put up in the form of small, delicate vials, they are easily carried and taken at any time or place, without attracting attention. This laudable regularity in treatment which is most important to a cure, and generally imparts with liquid remedies, and is positively free from all alcohol, whiskey or other liquids, to preserve them from spoiling. Dr. LaBorde's Waters are a "dry medicine" and are positively free from intoxicants or narcotic drugs of any kind.

**MODERN METHODS.**  
Dr. LaBorde's greatest success has been achieved by the use of the "CARBONIA WAFERS." This is not a Patent Medicine, but a scientific preparation of "CARBONIA," or "CARBON," which is well known as Black Hawberry and other well known herbs, whose medicinal properties are known to herbals for centuries. "Vitamin," or "CARBONIA," is recognized and prescribed by the leading physicians of the world as the best known specific for Female Weakness. The extremely delicate, taste of these drugs has been overcome by skillful manipulation, retaining all their medicinal properties, and is now a pleasant and palatable drink. The "CARBONIA WAFERS" are a dry medicine, and are positively free from all alcohol, whiskey or other liquids, to preserve them from spoiling. Dr. LaBorde's Waters are a "dry medicine" and are positively free from intoxicants or narcotic drugs of any kind.

**A VALUABLE FEATURE.**  
"CARBONIA WAFERS" have proven a blessing to thousands of suffering women, who have been made well, strong and happy in a surprisingly short time, by this wonderful treatment. They will not only cure the most obstinate cases, no matter how long neglected, but are also the only known remedy that can be absolutely relied upon to prevent these monthly necessities of extreme pain and suffering, and are positively free from all alcohol, whiskey or other liquids, to preserve them from spoiling. Dr. LaBorde's Waters are a "dry medicine" and are positively free from intoxicants or narcotic drugs of any kind.

**Pure and Effective.**  
"Dr. LaBorde's Waters" are purely vegetable, containing no injurious chemicals or drugs, and are positively free from all alcohol, whiskey or other liquids, to preserve them from spoiling. Dr. LaBorde's Waters are a "dry medicine" and are positively free from intoxicants or narcotic drugs of any kind.

This valuable remedy, Dr. LaBorde's "CARBONIA WAFERS," is now on sale in America by the importing firm of **James F. Ballard**, of St. Louis, who has contracted with Dr. LaBorde for the exclusive right to sell the same in this country. It is sold in detail, and is assured the most sacred privacy as to their correspondence, and our written letters from ladies are ever published by us.

One box of "CARBONIA WAFERS," containing a month's supply, will be sent, strictly packed and prepaid to any address in the U. S. or Canada on receipt of One Dollar, accompanied by the details of your case. A full and complete treatment, including all necessary medicine, and our written guarantee, Five Dollars, payable in advance.

This charge covers all express, including free advice and full directions. There are no additional charges of any kind, thus placing the treatment within the reach of all.

## IS STILL A MYSTERY.

But Mr. Kilgore Sheds Some Light on the Shanty-Boater.

The owner of the shanty boat found near Metropolis, well furnished and with a lamp burning in it, has not yet turned up, but Mr. J. L. Kilgore, the heading factory man of Metropolis, is able to shed some light on the mystery.

The boat was moored near his mill all last summer, and was owned and occupied by an odd darkey who professed to be a fortune teller, and who was known by everybody in that part of town as "Quickstep."

He claimed to have wonderful occult powers, among which was that of telling where any steamboat was at any time, no matter how far away. He was well patronized by the colored people of that locality, and by many white people, but no one seems to remember his name, but as the one on the license found on the boat is Newman, and also bears the word "Quickstep," that is doubtless his name.

The boat was moved several weeks ago, but it is understood, was moored lower down, near Island Creek.

Where the old darkey has gone, and whether he met with foul play or not is a matter that is now puzzling the police. The condition in which the boat was found indicates that it was hastily abandoned, or the lamp would not have been lighted. If it had been broken loose, or have floated away by a rise in the river, it is reasonable to suppose that the owner would have shown up and made some effort to overtake and recover it at once, but if any such steps have been taken, they do not know any thing about it.

The boat is still being held at Metropolis and a great deal of interest is being taken in the case—Paducah Sun.

Something That Will Do You Good.  
We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup—Camden (S. C.) Messenger.

Game Laws in Kentucky.  
Plain citizens may be shot from January 1 to December 31. Senators, Governors and members of Congress may be shot during any political campaign and within sixty days thereafter.

The killing of Presidents and Vice-Presidents is strictly prohibited in Kentucky. They must be hunted down outside of Kentucky. This law is imperative, owing to the scarcity of a good quantity of this game.

Niggers can be shot at any time. Hunters in search of this game are allowed to use a snuffed club or a butcher knife.

If any man is caught drinking water, it is a sign that he is no gentleman, and may be executed with whatever weapon is nearest at hand. Coon-men may be shot with impunity at any time; while a squirrel gun is recommended for dispatching majors and captains.

No man shall kill in excess of six person per day. In cases where it is an affair of honor, this may be increased to 1-3.

Any citizen who does not take the remains of his victim from public view within forty-eight hours of the time the first volley was fired, will be fined one gallon of moonshine.

Any citizen who steps on another citizen's toes may be shot on the spot with the privilege of apologizing thereafter.

If a citizen leaves home half-shod and is found on the streets a short time thereafter full of buckshot, that is his fault, and his relatives are not allowed to shoot more than seventeen suspects in their efforts to find the guilty person.—Exchange.

## ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

P. A. WERNER, OF BALTIMORE, SAYS:  
BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion, and to let you get some idea of my hearing in this case.

I underwent a treatment for catarrh for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that there was only one operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be forever.

I then saw your advertisement, accidentally in a New York paper, and ordered your first treatment. After a few days, my hearing in the affected ear has been entirely restored, and I thank you very much for it.

Our treatment does not interfere with your usual occupation. Examination and YOU CAN CURE YOURSELF AT HOME. INTERNATIONAL AURAL CLINIC, 636 LA SALLE AVE., CHICAGO, ILL.
